### Make Every Day Count..... Make Every Lesson Count.....

#### Impact of arriving late in school

When a young person arrives late to school they are missing valuable tutorial time, the teachers instructions for the day and introduction to the lesson.

Every minute that a student is late is time lost and if they are regularly late the number of lessons or school days missed can create disadvantages.

The amount of time lost from learning if a pupil is consistently late for school.

| Minutes Late | Lessons a week missed * | Days lost in a year |
|--------------|-------------------------|---------------------|
| 5            | 0.5                     | 3.5                 |
